March 25, 2020

Dear Weymouth Families,

Yesterday we posted on our school website and sign that school would be closed until such time as deemed by health officials safe for classes to resume, as per Governor Murphy's orders (#104 and 107). At this time, we will continue with our Off-Site Learning Plans while we wait for further direction from the Governor regarding any re-opening.

We would like to commend our students, their parents and families and our wonderful teachers who have been working together to make this unprecedented plan work. Our teachers are reporting that their students are doing some amazing work. Parents and families that we have turned into teachers must also be recognized for stepping into their new role while trying to provide for their families. We understand that many families have multiple children and have to work from home and your time is limited. We will work through this together.

As per the Governor's orders, we are limiting who enters the school building to essential staff. If your child needs something from school to help them with their work please call school or email your child's teacher and we will make arrangements for you to pick it up.

Also, a reminder the meal distribution is on Tuesdays from 11:00 am -1:00 pm at the library door. If you need special arrangements call school at 609-476-2412 or email Mrs. Fullmer or me.

We as a school community will continue to do all we can to support our students and families during this challenging time. Please do not hesitate to reach out to your children's teachers or us for help and assistance.

Stay safe and healthy!

Sincerely,
Mary Lou DeFrancisco
Mary Lou DeFrancisco
Interim Superintendent
