Senator Testa to Visit Weymouth Township School

Weymouth Township, September 16, 2022

2021 National Blue Ribbon of Excellence Recipient, Weymouth Township School District, and its Superintendent, Al Lewis, are pleased to announce that on September 22 at 9:00 am, the district will host NJ State Senator Michael Testa. Senator Testa will tour the school's classrooms, facilities, and grounds. Senator Testa will also visit with staff and students, participating in a round or two of classroom read-alouds.

Superintendent Lewis is thrilled to see the community's elected representatives continue to support the students, staff, and families in achieving the school's educational goals

About Weymouth Township School District

The Weymouth Township School District (WTSD) serves public school students in grades PK-8 at Weymouth Township School, which has an enrollment of roughly 160 students as of the 2022-2023 school year. What makes this such a special little rural school tucked into the Pinelands of NJ is its strong belief in a clear vision and a devotion to focus on its purpose. WTSD recognizes that education is a journey. It ensures that the tanks of its students and travelers that pass through our halls are always filled with the fuel of knowledge. Thus nurtured, they are enabled to continue their journeys – far into the future. All members of this school community are valued and contribute to its positive school climate, including parents, grandparents, and community members. School staff works collaboratively on flexible pathways, differentiating instruction that guides students along their paths to becoming expert learners. Weymouth Township School's purpose is rooted in an old anonymous Greek proverb, "Society grows great when old men plant trees whose shade they know they shall never sit in." The Weymouth Township School continues to sow those seeds as it strengthens future generations.
