

## **Weymouth Township School Off-Site Learning Plan - 3rd Grade**

Dear Weymouth Families,

In the event that school is closed due to a public health-related school closure Weymouth Township Schools will participate in Off-Site Learning Days.

Our goal is for students to continue their learning at home during the days that school will be closed.

- Our teachers have provided tasks that are age and grade level appropriate. The tasks follow the continuity of learning goals just as your child would experience in the classroom setting.
- Our goal is to be learning for approximately 45 min - 2 hours for grades PK-2 and 2 hours for grades 3-5. Students in grades 6-8 are able to work more independently, work in each content area should take about 35 minutes a day.
- This work will be available for download on the school website under District Information on the homepage.
- This work is only for an emergency closing. Please do not complete it prior to an emergency school closing. You will be notified through our mass communication system, a phone call or through the homepage, [weymouthtownshipschool.org](http://weymouthtownshipschool.org)
- When your child has completed the learning choices, please celebrate their learning. Students should be prepared to share with their class some of their learning from the Home Learning Days. More information about due dates will be forthcoming from your child's teachers.
- If your child has an Individual Education Plan, your child's case manager will connect with you with accommodations and modifications.

Thank you for learning with your child today and every day!
