8130 SCHOOL ORGANIZATION

The Board of Education directs the organization of the instructional program of this district in the following school and grades:

School

Grades

Weymouth Township School

Pre-Kindergarten - Eight

The Superintendent shall continually monitor the effectiveness of the district organizational plan and recommend to the Board such modifications in the plan as may be in the best interest of students, make most effective use of district resources, and serve the educational goals of the Board.

Adopted: 25 October 2018

8140 STUDENT ENROLLMENTS

The Board of Education recognizes that efficient district operations require an accurate and up to date accounting of the number of students resident in this district and enrolled in district classes and programs.

Student attendance shall be recorded in the school register during school hours on each day the school is in session. Separate registers shall be kept for students attending preschool, Kindergarten, grades one through five, grades six through eight, grades nine through twelve, each preschool class for the disabled, each class for the disabled, shared-time classes for regular students, shared-time classes for students with disabilities, full-time bilingual education programs and vocational day programs, summer school operated by the district, and any other programs as required by the New Jersey Department of Education and N.J.A.C. 6A:32-8.1(d).

A student who has been placed on home instruction shall have his or her attendance status recorded on the regular register attendance pages for the program in which the student is enrolled. For the period beginning the first day the student is unable to attend school and ending the day before the first instructional day at the student's place of confinement, the student shall be marked absent. No absences will be recorded for the student while on home instruction, providing the hours of instruction are no less than required by N.J.A.C. 6A:14-4.8 and 4.9. The number of possible days of enrollment for a student on home instruction shall be the same as for other students in the program in which the student is enrolled.

Such records shall be made and maintained as will enable the Board to plan program and facilities development, to make appropriate allocation of district resources, and receive the district's maximum amount of State and Federal aid.

The Superintendent or designee shall annually and in accordance with the timelines established by the Commissioner, file a report with the Commissioner stating the school district's enrollment.

8210 SCHOOL YEAR

The Board of Education recognizes that the preparation of a school calendar is essential to orderly educational planning and to the efficient operation of the district.

The Board shall determine annually the days when the school will be in session for instructional purposes. The school calendar will provide no fewer than one hundred eighty days of instruction. Days on which school is closed for holidays, teachers' institutes, and inclement weather shall not be considered as days in session.

A school day shall consist of not less than four hours of actual instruction, except that in an approved Kindergarten, one continuous session of two and one half hours may be considered a full day. A half-day class shall be considered the equivalent of a full day's attendance only if the class is in session for four hours or more, exclusive of recess periods or lunch periods.

An approved Kindergarten shall meet the requirements set forth in N.J.A.C. 6A:32-8.3(c).

The Commissioner of Education shall annually prescribe a list of religious holidays on which it shall be mandatory to excuse students for religious observance upon the written request signed by the parent or person standing in loco parentis. Staff members shall avoid, whenever possible, scheduling a test on a religious holiday commonly observed by residents of the district.

The Superintendent shall annually prepare and submit to the Board a school calendar no later than May 1. The Board reserves the right to alter the school calendar when such alteration is feasible and serves the best interests of the students of this district.

8220 SCHOOL DAY

The Board of Education shall determine the times that school will be in session for the purpose of providing adequate time for students to profit from the educational program of the district.

The school will be in session for students on those days recommended by the Superintendent and approved by the Board.

The Superintendent may close the school, delay the opening of school, or dismiss school early when such alteration in the regular session is required for the protection of the health and safety of students and staff members. The Superintendent shall inform the Board President of any such alteration as soon as possible and shall prepare rules for the proper and timely notification of concerned persons in the event of any emergency closing of the school.

8310 PUBLIC RECORDS

The Board of Education recognizes its responsibility to maintain the public records of this school and to make such records available to residents of New Jersey for inspection and reproduction. The Board designates the School Business Administrator/Board Secretary as the custodian of government records for the school.

Government Record or Record (N.J.S.A. 47:1A-1.1)

“Government records” or “records” pursuant to N.J.S.A. 47:1A-1.1 include any record that has been required by law to be made, maintained, or kept on file by the Board, its officials, or its employees. Except as such records that may be exempted by law or this policy, a “government record” or “record” means any paper, written or printed book, document, drawing, map, plan, photograph, microfilm, data processed or image processed document, information stored or maintained electronically or by sound-recording or in a similar device, or any copy thereof, that has been made, maintained or kept on file in the course of the official business of the Board of Education or that has been received in the course of the official business of the Board of Education.

Board meeting minutes may be inspected and copied as soon as they are prepared; unapproved minutes will be so labeled. Minutes of executive/closed session Board meetings conducted in accordance with the Open Public Meetings Act will be preserved separately and will not be available for immediate public inspection. These minutes will be integrated with minutes of public meetings only after the matter discussed at the executive/closed session meeting has been made public.

A “government record” or “record” does not include inter-agency or intra-agency advisory, consultative, or deliberative material.

A “government record” or “record” does not include excluded information as outlined in N.J.S.A. 47:1A-1.1. The excluded information includes, but is not limited to, information which is deemed to be confidential as per N.J.S.A. 47:1A-1 et seq. Victims’ records; trade secrets and proprietary commercial or financial information; any record within the attorney-client privilege; administrative or technical information regarding computer hardware, software and networks which, if disclosed, would jeopardize computer security; emergency or security information or procedures for any building or facility which, if disclosed, would jeopardize security; security measures and surveillance techniques and information which, if disclosed, would give an advantage to competitors or bidders are examples of excluded government records.

Information generated by or on behalf of the Board or Board employees in connection with any sexual harassment complaint filed within the Board or with any grievance filed by or against an individual or in connection with collective negotiations, including documents and statements of strategy or negotiating position; information which is a communication between the school and its insurance carrier, administrative service organization or risk management office; information which is to be kept confidential pursuant to court order and that portion of any most documents which discloses the social security number, credit card number, unlisted telephone number or driver license number of any person; and personnel and pension records of an individual, except the individual's name, title of position, salary, payroll record, length of service, date of separation and the reason therefore, the amount and type of pension he/she receives, and data, other than detailed medical or psychological information, that shows conformity with qualifications for employment and pensions are examples of excluded government records.

Test questions, scoring keys, and other examination data pertaining to the administration of an examination for employment or academic examination; information concerning individual student records; grievance or disciplinary proceedings against a student to the extent disclosure would reveal the identity of the student; and all other information defined as not being a government record in N.J.S.A. 47:1A-1 et seq. are not government records.

Records of Investigation In Progress (N.J.S.A. 47:1A-3 et seq.)

Records which are sought to be inspected, copied, or examined pertain to an investigation in progress by the Board and/or administration will be inspected, copied and/or examined pursuant to N.J.S.A. 47:1A-3.

Inspection, Examination and Copying (N.J.S.A. 47:1A-5 et seq.)

The custodian will permit the government record to be inspected, examined, and copied pursuant to N.J.S.A. 47:1A-5 et seq. by any person during regular business hours. In the case of a Board of Education having a total school enrollment of 500 or fewer, the custodian will permit the records to be inspected, examined and copied during not less than six regular business hours over not less than three business days per week or the entity's regularly-scheduled business hours, whichever is less, unless the government record is exempt from public access as per N.J.S.A. 47:1A-1 et seq.

Copy Purchase (N.J.S.A. 47:1A-5 et seq.)

Except as otherwise provided by law or regulation, the fee assessed for the duplication of a government record embodied in the form of printed matter shall be \$.05 per letter size page or smaller, and \$.07 per legal size page or larger. If the school can demonstrate that its actual costs for duplication of a government record exceed the per page rates, the school shall be permitted to charge the actual cost of duplicating the record. The actual cost of duplicating the record, upon which all copy fees are based, shall be the cost of materials and supplies used to make a copy of the record, but shall not include the cost of labor or overhead expenses associated with making the copy except as provided for in N.J.S.A. 47:1A-5.c.

Actual copy costs for special copies, such as color printing or blueprints copied within the school, shall be calculated separately. Access to electronic records and non-printed materials shall be provided free of charge, but the school may charge for the actual costs of any needed supplies such as computer discs.

If the school's calculated per copy actual cost exceeds the enumerated rates set forth in N.J.S.A. 47:1A-5.b. the school, if challenged, must demonstrate its actual costs are indeed higher than those enumerated rates and are therefore justified.

Whenever the nature, format, manner of collation, or volume of a government record embodied in the form of printed matter to be inspected, examined, or copied pursuant to this policy is such that the record cannot be reproduced by ordinary document copying equipment in ordinary business size or involves an extraordinary expenditure of time and effort to accommodate the request, the school will charge, in addition to the actual cost of duplicating the record, a special service charge that will be reasonable and will be based upon the actual direct cost of providing the copy or copies. The custodian will provide the requestor an opportunity to review and object to the charge prior to it being incurred.

A custodian will permit access to a government record and provide a copy thereof in the medium requested if the school maintains the record in that medium. If the school does not maintain the record in the medium requested, the custodian will either convert the record to the medium requested or provide a copy in some other meaningful medium. If a request is for a record in a medium not routinely used by the school; not routinely developed or maintained by the school or requiring a substantial amount of manipulation or programming of information technology, the school will charge, in addition to the actual cost of duplication, a special charge that will be reasonable and based on the cost for any extensive use of information technology, or for the labor cost of personnel providing the service, that is actually incurred by the school or attributable to the school for the programming, clerical, and supervisory assistance required, or both.

Immediate access ordinarily will be granted to budgets, bills, vouchers, contracts, including collective negotiations agreements and individual employment contracts, and public employee salary and overtime information.

The custodian will adopt a form for the use of any person who requests access to a government record held or controlled by the school. The request form will include information in accordance with the requirements of N.J.S.A. 47:1A-5.f. Requests for access to a government record shall be in writing and hand-delivered or mailed to the custodian. The custodian will promptly comply with a request in accordance with N.J.S.A. 47:1A-5.g.

Any officer or employee of the school who receives a request for access to a government record will forward the request to the custodian of the record or direct the requestor to the custodian of the record.

The custodian will grant access to a government record or deny a request for access to a government record in accordance with N.J.S.A. 47:1A-5.i and as soon as possible, but not later than seven business days after receiving the request, provided that the record is currently available and not in storage or archived.

A custodian will post prominently in public view in the part of the office of the custodian that is open to or frequented by the public a statement that sets forth in clear, concise and specific terms the right to appeal a denial of, or failure to provide, access to a government record by any person for inspection, examination, or copying or for purchase of copies thereof and the procedure by which an appeal may be filed.

Challenge to Access Upon Denial (N.J.S.A. 47:1A-6)

A person who is denied access to a government record by the custodian, at the option of the requestor, may institute a proceeding to challenge the custodian's decision by filing an action in Superior Court or in lieu of filing an action in Superior Court, file a complaint with the Government Records Council established pursuant to Section 8 of P.L.2001, c. 404 (C.47:1A-7). If it is determined that access was improperly denied, the court or agency head shall order that access be allowed. A requestor who prevails in any proceeding shall be entitled to a reasonable attorney's fee. A public official, officer, employee, or custodian who knowingly and willfully violates N.J.S.A. 47:1A-1 et seq. and is found to have unreasonably denied access under the totality of the circumstances, shall be subject to the penalties and disciplinary proceedings in accordance with N.J.S.A. 47:1A-11.

Government Records Council (N.J.S.A. 47:1A-7 et seq.)

The Board and the custodian of records will comply with the requirements and guidelines from the Government Records Council in accordance with N.J.S.A. 47:1A-7.

Common Right Law Right of Access (N.J.S.A. 47:1A-8)

Nothing contained in N.J.S.A. 47:1A-1 et seq. will be construed as limiting the common law right of access to a government record, including criminal investigative records of a law enforcement agency.

Construction with Other Laws (N.J.S.A. 47-1A-9 et seq.)

The provisions of this policy and N.J.S.A. 47:1A-1 et seq. shall not abrogate any exemption of a public or government record from public access heretofore made pursuant to N.J.S.A. 47:1A-1 et seq.; any other statute; resolution of either or both Houses of the Legislature; regulation promulgated under the authority of any statute or Executive Order of the Governor; Executive Order of the Governor; Rules of Court; any Federal law; Federal regulation; or Federal order.

The provisions of this policy and N.J.S.A. 47:1A-1 et seq. shall not abrogate or erode any executive or legislative privilege or grant of confidentiality heretofore established or recognized by the Constitution of this State, statute, court rule or judicial case law, which privilege or grant of confidentiality may duly be claimed to restrict public access to a public or government record.

8311 MANAGING ELECTRONIC MAIL

School district e-mail messages, like paper records, must be retained and destroyed according to established records management procedures as required by New Jersey's Division of Archives & Records Management (NJDARM). E-mail messages are electronic documents created and sent or received by a computer system. This definition applies equally to the contents of the communication, the transactional information, and any attachments associated with such communication. Thus, e-mail messages are similar to other forms of communicated messages, such as correspondence and memoranda.

N.J.S.A. 47:3-16, as amended, defines public records as follows:

“Public records” mean any paper, written or printed book, document or drawing, map or plan, photograph, microfilm, data processed or image processed document, sound recording or in a similar device, or any copy thereof, that has been made or required by law to be received for filing, indexing, or reproducing by any officer, commission agency, or authority of the State or any political subdivision thereof, including any subordinate boards thereof, or that has been received in the course of his/her or its official business by such officer, commission, agency, or authority of the State or of any political subdivision thereof, including subordinate boards thereof, in connection with the transaction of public business and has been retained by such recipient or its successor as evidence of its activities or because of the information contained therein.

An e-mail message that meets the criteria of the definition of public records per N.J.S.A. 47:3-16, as amended, whether it is subject to access by the general public or not, must be retained according to records retention and disposition schedules approved by the State Records Committee. No public record e-mail may be destroyed without prior consent of the NJDARM and the State Records Committee, even if the retention period for a record has expired.

Retention or disposition of e-mail messages must be related to the information they contain or the purpose they serve. The content of e-mail messages may vary considerably and therefore, the content must be evaluated to determine the length of time the message must be retained.

For the purposes of this Policy, there are non-record e-mail messages and public record e-mail messages.

Non-record e-mail messages are personal correspondence that do not meet the criteria of public records as per N.J.S.A. 47:3-16, as amended, and may be deleted at any time unless they become part of some official record as a result of a special circumstance. These types of messages may include personal correspondence not received or created in the course of school district business and may be deleted at any time since it is not an official public record. Non-record e-mail messages are also non-governmental publications that are publications, promotional material from vendors, and similar materials that are publicly available to anyone. These e-mail messages are not public records as defined by N.J.S.A. 47:3-16, as amended, unless specifically incorporated into other official public records, and may also be deleted at any time. However, if an e-mail message is used to justify an expenditure or is included in a proposal, the e-mail message becomes an official public record and must be retained according to records retention and disposition schedules in accordance with the appropriate retention schedules.

All public record e-mail messages shall be maintained by the individual who sends the e-mail message and the primary recipient. The sender and primary recipient are encouraged to print a hard copy of a public record e-mail and file the e-mail in school district files for continued access. The district may establish a district-wide system to facilitate public record e-mail management for continued access and retention. All public record e-mails shall be retained according to records retention and disposition schedules approved by the State Records Committee and no public record e-mail may be destroyed without prior consent of the NJDARM and the State Records Committee, even if the retention period for a record has expired.

An e-mail message that meets the criteria of the definition of a “government record” per N.J.S.A. 47:1A-1.1 must be made available to the public upon request under New Jersey’s Open Public Records Act during the required retention period, unless the content of the message falls under one of the exceptions contained in the Act or any other statute, regulation, Executive Order by the Governor, rule of Court, or Federal law, regulation or order.

8320 PERSONNEL RECORDS

The Board of Education believes that the orderly operation of the school district requires the retention of all records bearing upon an employee's qualifications for employment and employment history.

The Board requires that sufficient records be compiled and maintained to demonstrate an employee's qualifications for the position assigned; compliance with Federal, State, and local benefit programs; conformity to district rules; the proper conduct of evaluations; and the employee's entitlement, as appropriate, to tenure and seniority.

The Superintendent shall be responsible for the custody and maintenance of personnel records. A single, central file of documents shall be maintained; temporary, subsidiary records will be permitted for ease in data gathering only. An employee's personnel file shall be maintained for six years following his/her termination of district service, provided the employment history record card is maintained a minimum of eighty years.

Records maintained in the personnel files of this district are not public records and are not open to inspection except as provided for in this policy. Board minutes and other public records of this district and any computerized files maintained by this district may include only an employee's name, title, position, assignments, salary, payroll record, length of service in the district and in military service, the date and reason for separation from service in this district, and the amount and type of pension a former employee receives.

Personnel records may be inspected by school administrators to the extent that such inspection is required in the performance of the inspector's duties.

Board members may have access to confidential information in the personnel files of only those employees recommended for or subjected to an employment action requiring a vote of the Board or where access to the information is essential for the performance of the Board member's duties. Board member access to personnel files is limited to the relevant portion of the file and is available only through the Superintendent. Board members may freely inspect employment applications filed by candidates for district positions.

An employee may inspect his/her personnel file provided that the employee requests such access in writing, reviews the record in the presence of the administrator designated to maintain the file, makes no alteration or addition to the file nor removes any material from it, and signs a log attached to the file indicating the date on which it was inspected.

WEYMOUTH TOWNSHIP BOARD OF EDUCATION

OPERATIONS

Personnel Records

An employee may appeal to the Superintendent the inclusion or exclusion of records or for appropriate administrative review of the accuracy of any record in his/her personnel file.

The Superintendent shall prepare rules enumerating the records to be maintained for each employee of this district, including, as a minimum and as appropriate to the position, the completed application form, employment contract(s), a copy of the employee's qualifying certification, transcripts, report of an employment physical examination, oath of allegiance, criminal background check, income tax forms, retirement registration, hospitalization forms, annuity forms, rate of compensation, attendance record, assignments to positions, completed evaluations, reports of disciplinary incidents, records of special awards or distinctions, and reports of annual or special physical and mental examinations.

8330 STUDENT RECORDS

The Board of Education believes that information about individual students must be compiled and maintained in the interest of the student's educational welfare and advancement. The Board will strive to balance the student's right to privacy against the district's need to collect, retain, and use information about individual students and groups of students. The Board authorizes the establishment and maintenance of student files that include only those records mandated by law, rules of the State Board of Education, authorized administrative directive, and those records permitted by this Board.

The Superintendent shall prepare, present to the Board for approval, and distribute regulations that implement this Policy and conform to applicable State and Federal law and rules of the State Board of Education.

General Considerations

The Board of Education shall compile and maintain student records and regulate access, disclosure, or communication of information contained in educational records in a manner that assures the security of such records in accordance with the provisions of N.J.A.C. 6A:32-7.1 et seq. Student records shall contain only such information as is relevant to the education of the student and is objectively based on the personal observations or knowledge of the certified school personnel who originate(s) the record. The school district shall provide annual, written notification to parents, adult students, and emancipated minors of their rights in regard to student records and student participation in educational, occupational, and military recruitment programs. Copies of the applicable State and Federal laws and local policies shall be made available upon request. The school district shall make every effort to notify parents and adult students in their dominant language.

Nothing in this Policy shall be construed to prohibit certified school personnel from disclosing student records to non-adult students or to appropriate persons in connection with an emergency, if such knowledge is necessary to protect the health or safety of the student or other persons.

No liability shall be attached to any member, officer, or employee of the Board of Education permitting access or furnishing student records in accordance with N.J.A.C. 6A:32-7.1 et seq.

Student Information Directory

A student information directory is a publication of the Board of Education that includes information relating to a student as defined in N.J.A.C. 6A:32-2.1. This information includes: name; grade level; date and place of birth; dates of school attendance; major field of study; participation in officially recognized activities; weight and height relating to athletic team membership; degrees; awards; the most recent educational agency attended by the student; and other similar information. The student information directory shall be used only by authorized school district personnel and for designated official use by judicial, law enforcement, and medical personnel and not for general public consumption. In the event the school district publishes a student information directory, the Superintendent or designee will provide a parent or adult student a ten-day period to submit to the Superintendent a written statement prohibiting the school district from including any or all types of information about the student in any student information directory before allowing access to such directory to educational, occupational, and military recruiters pursuant to N.J.S.A. 18A:36-19.1 and P.L. 107-110 sec. 9528, Armed Forces Recruiter Access to Students and Student Recruiting Information of the No Child Left Behind Act of 2001.

School Contact Directory for Official Use

A school contact directory for official use is a compilation by the school district that includes the following information for each student: name; address; telephone number; date of birth; and school enrollment. The district shall compile and maintain a school contact directory for official use that is separate and distinct from the student information directory. The student contact directory may be provided for official use only to judicial and law enforcement personnel, and to medical personnel currently providing services to the student in question. To exclude any information from the school contact directory for official use the parent, adult student, or emancipated minor shall notify the Superintendent or designee in writing.

Mandated and Permitted Student Records

Mandated student records are those records school districts have been directed to compile by State statute, regulations, or authorized administrative directive in accordance with N.J.A.C. 6A:32-7.3.

Permitted student records are those student records not mandated pursuant to N.J.A.C. 6A:32-7.3, but authorized by the Board to promote the student's educational welfare. The Board shall authorize the permitted records to be collected by adopting Policy and Regulation 8330, which will list such permitted records.

Maintenance and Security of Student Records

The Superintendent or designee shall be responsible for the security of student records maintained in the school district. Policy and Regulation 8330 assure that access to such records is limited to authorized persons.

Records for each individual student may be stored electronically or in paper format. When student records are stored electronically, proper security and back-up procedures shall be administered.

Student health records, whether stored on paper or electronically, shall be maintained separately from other student records, until such time as graduation or termination, whereupon the health history and immunization record shall be removed from the student's health record and placed in the student's mandated record. Records shall be accessible during the hours in which the school program is in operation.

Any district internet website shall not disclose any personally identifiable information about a student without receiving prior written consent from the student's parent, in accordance with the provisions of N.J.S.A. 18A:36-35. Personally identifiable information means student names; student photos; student addresses; student e-mail addresses; student phone numbers; and locations and times of class trips.

Access to Student Records

Only authorized organizations, agencies, or persons as defined in N.J.A.C. 6A:32-7.5 shall have access to student records, including student health records. Access to student records shall be provided to persons authorized such access under N.J.A.C. 6A:32-7.1 et seq. within ten days of a request, but prior to any review or hearing conducted in accordance with N.J.A.C. 6A.

The district shall control access to, disclosure of, and communication regarding information contained in student health records to assure access only to people permitted by Federal and State statute and regulations in accordance with N.J.A.C. 6A:32-7.5.

The district may charge a reasonable fee for reproduction of student records, not to exceed the schedule of costs set forth in N.J.S.A. 47:1A-5, provided that the cost does not effectively prevent the parents or adult students from exercising their rights under N.J.A.C. 6A:32-7 or other Federal and State rules and regulations regarding students with disabilities, including N.J.A.C. 6A:14.

Access to and disclosure of a student's health record shall meet the requirements of the Family Education Rights and Privacy Act, 34 C.F.R. Part 99 (FERPA).

Only authorized organizations, agencies, or persons as defined in N.J.A.C. 6A:32-7.5 shall have access to student records, including student health records.

Nothing in N.J.A.C. 6A:32-7.1 et seq. or in Policy and Regulation 8330 shall be construed to prohibit school personnel from disclosing information contained in the student health record to students or adults in connection with an emergency, if such knowledge is necessary to protect the immediate health or safety of the student or other persons.

In complying with N.J.A.C. 6A:32-7 – Student Records, individuals shall adhere to requirements pursuant to N.J.S.A. 47:1A-10, the Open Public Records Act (OPRA) and 34 CFR Part 99, the Family Educational Rights and Privacy Act (FERPA).

Conditions for Access to Student Records

All authorized organizations, agencies, and persons defined in N.J.A.C. 6A:32-7.1 et seq. shall have access to the records of a student subject to conditions outlined in N.J.A.C. 6A:32-7.6(a).

Rights of Appeal for Parents and Adult Students

Student records are subject to challenge by parents and adult students on the grounds of inaccuracy, irrelevancy, impermissible disclosure, inclusion of improper information or denial of access to organizations, agencies, and persons in accordance with N.J.A.C. 6A:32-7.7(a).

To request a change in the record or to request a stay of disclosure pending final determination of the challenged procedure, the parent or adult student shall follow the procedures pursuant to N.J.A.C. 6A:32-7.7(b).

Appeals relating to student records for students with disabilities shall be processed in accordance with the requirements of N.J.A.C. 6A:32-7.7(b).

Regardless of the outcome of any appeal, a parent or adult student shall be permitted to place in the student record a statement commenting upon the information in the student record or setting forth any reasons for disagreement with the decision made in the appeal. Such statements shall be maintained as part of the student record as long as the contested portion of the record is maintained. If the contested portion of the record is disclosed to any party, the statement commenting upon the information shall also be disclosed to that party.

Retention and Disposal of Student Records

A student record is considered to be incomplete and not subject to the provisions of the Destruction of Public Records Law, N.J.S.A. 47:3-15 et seq., while the student is enrolled in the school district. The school district shall retain the student health record and the health history and immunization record according to the School District Records Retention Schedule, as determined by the New Jersey State Records Committee.

Student records of currently enrolled students, other than that described in N.J.A.C. 6A:32-7.8(e), may be disposed of after the information is no longer necessary to provide educational services to a student and in accordance with the provisions of N.J.A.C. 6A:32-7.8(b).

Upon graduation or permanent departure of a student from the school district, the parent or adult student shall be notified in writing that a copy of the entire student record will be provided to them upon request. Information in student records, other than that described in N.J.A.C. 6A:32-7.8(e), may be disposed of, but only in accordance with the Destruction of Public Records Law, N.J.S.A. 47:3-15 et seq. Such disposition shall be in accordance with the provisions of N.J.A.C. 6A:32-7.8(c)2.

No additions shall be made to the record after graduation or permanent departure without the prior written consent of the parent or adult student.

In accordance with N.J.A.C. 6A:32-7.8(e), the New Jersey public school district of last enrollment, graduation, or permanent departure of the student from the school district shall keep for 100 years a mandated record of a student's name, date of birth, name of parents, gender, health history and immunization, standardized assessment results, grades, attendance, classes attended, grade level completed, year completed, and years of attendance.

8335 FAMILY EDUCATIONAL RIGHTS AND PRIVACY ACT

The Board of Education policies and regulations will be in compliance with the requirements of the Family Educational Rights and Privacy Act (FERPA). FERPA affords parents and adult students certain rights with respect to the student's education records. FERPA requires the district to provide parents and adult students the right to inspect and review the student's education records within forty-five days of the day the school district receives a request for access, to request an amendment(s) of the student's education records the parent or adult student believes are inaccurate, and to consent to disclosures of personally identifiable information contained in the student's education records, except to the extent that FERPA authorizes disclosure without consent.

FERPA permits disclosure of student records without consent if the disclosure is to school officials with legitimate educational interests. FERPA permits the school district to disclose education records without a parent's or adult student's consent to officials of another school district in which a student seeks or intends to enroll. FERPA requires a school district to make a reasonable attempt to notify the parent or adult student of the records request unless it states in its annual notification that it intends to forward records on request.

The parent or adult student has the right to file a complaint with the U.S. Department of Education concerning alleged failures by the district to comply with the requirements of FERPA. The name and address of the Office that administers FERPA is:

The New Jersey Administrative Code 6A:32-7 – Pupil Records adopted by the New Jersey Department of Education incorporates the requirements of FERPA and Board of Education Policy 8330 ensures parents and adult students are afforded certain rights with respect to the student's education records as required by FERPA.

8350 RECORDS RETENTION

The New Jersey Department of the Treasury - Records Management Services places all public records on Records Retention Schedules that list the minimum legal and fiscal time periods public records must be retained by State and local governmental and educational agencies. Records Management Services determines these retention periods in conformance with State and Federal codes, regulations, and statutes of limitation. Final approval of the schedules comes from the State Records Committee, which is comprised of representatives of the Attorney General, State Treasurer, State Auditor, Director of Local Government Services, and the director of the division.

Part and parcel to a good records management program is the timely destruction of records once their retention period has expired. This pertains to the destruction of paper records as well as those that are microfilmed, have been imaged, or are electronic. Unique records disposal request (such as the disposal of fire damaged records which have not yet outlived their retention period) require specific authorization from the State Records Committee.

As per the Destruction of Public Records Act of 1953 (P.L. 1953, c. 410), the Board of Education must receive prior written authorization from Records Management Services to dispose of their public records regardless of the medium in which the information is maintained. Authorization to dispose public records shall be submitted electronically by the school district custodian of such records to Records Management Services. Records must be retained in accordance with the Records Retention Schedules and shall not be disposed until approval for such disposal is obtained from Records Management Services.

8420 EMERGENCY AND CRISIS SITUATIONS

The Board of Education recognizes its responsibility to provide for the safety and security in the school building in the district. The district will develop and implement written plans and procedures to provide for the protection of health, safety, security, and welfare of the school population; the prevention of, intervention in, response to and recovery from emergency and crisis situations; the establishment and maintenance of a climate of civility; and supportive services for staff, students, and their families.

The Superintendent or designee shall consult with law enforcement agencies, health and social services provider agencies, emergency management planners, and school and community resources, as appropriate, in the development of the school district's plans, procedures, and mechanisms for school safety and security. The plans, procedures, and mechanisms shall be consistent with the provisions of N.J.A.C. 6A:16-5.1 and the format and content established by the Domestic Security Preparedness Task Force, pursuant to N.J.S.A. App. A:9-64 et seq., and the Commissioner of Education and shall be reviewed annually, and updated as appropriate.

A copy of the school district's school safety and security plan shall be disseminated to all school district employees. New employees shall receive a copy of the school district's safety and security plan, as appropriate, within sixty days of the effective date of their employment. All employees shall be briefed in writing, as appropriate, regarding updates and changes to the school safety and security plan.

The school district shall develop and provide an in-service training program for all school district employees to enable them to recognize and appropriately respond to safety and security concerns, including emergencies and crisis, consistent with the school district's plans, procedures, and mechanisms for school safety and security and the provisions of N.J.A.C. 6A:16-5.1. New employees shall receive this in-service training, as appropriate, within sixty days of the effective date of their employment. This in-service training program shall be reviewed annually and updated, as appropriate.

In accordance with N.J.S.A. 18A:41-1, at least one fire drill and one school security drill will be conducted each month within school hours, including any summer months, which the school is open for instructional programs. A school security drill means an exercise, other than a fire drill, to practice procedures that respond to an emergency situation including, but not limited to, a non-fire evacuation, lockdown, bomb threat, or active shooter situation that is similar in duration

to a fire drill. The school is required to hold a minimum of two active shooter, non-fire evacuation, bomb threat, and lockdown security drills annually. Fire alarm systems shall be initiated only during a fire drill evacuation. Responses made necessary by the unplanned activation of emergency procedures or by any other emergency shall not be substituted for a required school security drill.

The Principal or designee will provide local law enforcement or other emergency responders, as appropriate, with a friendly notification at least forty-eight hours prior to holding a school security drill. Although these outside agencies are not required to observe school security drills, the Principal is encouraged to invite representatives from local law enforcement and emergency responder agencies to attend and observe at least four different security drills annually.

Such drills and in-service training programs shall be conducted in accordance with a building security drill guide and training materials that educate school employees on proper evacuation and lockdown procedures in a variety of emergency situations on school grounds as provided by the New Jersey Office of Homeland Security and Preparedness.

The school district will be required to annually submit a security drill statement of assurance to the New Jersey Department of Education by June 30 of each school year. The school in the district will be required to complete a security drill record form as required by the New Jersey Department of Education.

8431 PREPAREDNESS FOR TOXIC HAZARD

The Board of Education is concerned for the safety of the students and staff members assigned to the district school and will take reasonable steps to protect students and staff members from hazards that may result from industrial accidents beyond the control of school officials.

The Board will appoint an employee to serve as Toxic Hazard Preparedness (THP) Officer. The THP Officer will, in accordance with procedures prepared by the Superintendent, identify potential sources of toxic hazard and develop a plan that includes preventive and remedial measures to be followed in the event students and staff members are exposed to a toxic hazard. The plan will also include a system for the periodic evaluation of school environments.

The THP Officer will enlist the aid of county and municipal authorities and, if possible, the owners or operators of identified potential sources of toxic hazard. The Board may, in its discretion, appoint and charge an ad hoc committee of community representatives to assist the THP Officer.

The plan for toxic hazard preparedness developed by the THP Officer and approved by this Board will be disseminated to the public. Teaching staff members will be instructed in the specific measures to be taken when toxic hazard is present and in the recognition of toxic hazards in the environment. A teaching staff member who detects a toxic hazard in school shall immediately notify the school Principal and the school nurse or, in the absence of either, the person authorized to perform that office.

Nothing in this policy should be construed in any way as an assumption of liability by the Board of Education for any death, injury, or illness that is the consequence of an accident or equipment failure or negligent or deliberate act beyond the control of the Board or its officers and employees.

8441 CARE OF INJURED AND ILL PERSONS

The Board of Education will provide the prompt and appropriate medical attention for students, staff members, or visitors who are injured or become ill on school grounds or during a school sponsored event, activity, or field trip.

Any injury or illness shall be reported immediately to the school nurse or, in the absence of the school nurse, the Building Principal or designee. Immediate steps may be taken as necessary to remove the injured or ill person from danger and/or to prevent exacerbation of the injury or illness. Basic first aid may be administered by district personnel to ensure the safety and comfort of the injured or ill person until the school nurse or other medical professional arrives on the scene.

The parent of an injured or ill student and, if necessary, the family of an injured or ill staff member or visitor will be notified promptly of the injury or illness and the ongoing health status of the injured or ill person. If the school nurse or school physician or, in the absence of both, the Principal or designee determines the injured or ill person should receive a medical examination from their medical professional, the parent or family member will be required to remove the injured or ill person from the school or school event or activity. In the event a serious health emergency occurs on school grounds or during a school sponsored event, activity, or field trip, emergency medical assistance will be contacted.

In the event it is determined by the school nurse and/or a medical professional that a student shall be immediately transported to a hospital or other emergency medical facility, a school staff member, if a parent or their designee is not on the scene, shall accompany the student to a hospital or other emergency medical facility.

The school nurse(s), in consultation with the school physician, will develop basic emergency first aid procedures for the emergency treatment of an injury or illness in the event a school staff member may be in the position to provide emergency first aid until the school nurse or other medical professional arrives on the scene.

Injuries and disabilities that occur in the course of the athletic program are subject to the provisions of Policy 2431 and implementing regulations. Student disabilities attributable to substance abuse will be handled in accordance with Policy 5530. Injuries that occur in the course of school bus transportation will be handled in accordance with regulations implementing Policy 8630.

8442 REPORTING ACCIDENTS

The Board of Education directs that all reasonable efforts be made to ensure a safe learning and working environment for the students and employees of this district. To that end and to the end that legitimate employee claims for worker's compensation be expedited, the Board requires that accidents be reported and evaluated. Any accident that results in an injury, however slight, to a student, an employee of the Board, or a visitor to the school must be reported promptly and in writing to the district business office. Injured persons shall be referred immediately to the school nurse for such medical attention as may be appropriate.

The injured employee or visitor or the staff member responsible for an injured student shall complete a form, available in the office of the Building Principal, that includes the date, time and place of the incident; the names of persons involved; the nature of the injury, to the extent that it is known; and a description of all relevant circumstances.

A copy shall be retained by the Building Principal and a copy shall be sent to the business office.

Any employee of the Board who suffers a job-related injury must report the injury and its circumstances to the Building Principal or job supervisor, as appropriate, no later than twenty-four hours following the occurrence of the injury. The failure of an employee to comply with this mandate may result in disciplinary action.

8451 CONTROL OF COMMUNICABLE DISEASE

The Board of Education recognizes that control of the spread of communicable disease is essential to the well-being of the school community and to the efficient operation of the school.

The Board shall be bound by the statutes and by rules of the State Board of Education for the exclusion and readmission of students who have contracted a communicable disease and of teachers and students who have been exposed to a communicable disease and for the instruction of teachers in health and the prevention of disease. The Board shall comply with regulations of the New Jersey Department of Health and the local and county Board of Health governing the prevention, control, and reporting of communicable disease.

The teacher may exclude from the classroom and the Principal may exclude from the school building any student who appears to be ill or has been exposed to a communicable disease. A student may be isolated in school to await the arrival of or instructions from an adult member of his/her family. If the school medical inspector or the school nurse is present in the building, his/her recommendation shall be sought before any such exclusion or isolation is ordered.

Any student retained at home or excluded from school by reason of having or being suspected of having a communicable disease shall not be readmitted to his/her classroom until he/she presents written evidence of being free of communicable disease. That evidence may be supplied by the school medical inspector or another qualified physician who has examined the student.

Any student or adult who has weeping skin lesions that cannot be covered shall be excluded from school.

The Superintendent shall develop procedures for the control of communicable disease that include the instruction of teaching staff members in the detection of disease and measures for its prevention and control; the removal from school premises to the care of a responsible adult for students identified and excluded in accordance with this policy; the preparation of standards for the readmission of students who have recovered from communicable disease; the provision of appropriate home instruction to excluded students in accordance with law; and the filing of reports as required by law.

8453 HIV/AIDS

The Board of Education will comply with rules of the State Board of Education and the State Department of Health and Senior Services with regard to the admission and employment of persons who may be diagnosed with Acquired Immune Deficiency Syndrome (AIDS) or infected with Human Immunodeficiency Virus (HIV). "AIDS" means a condition affecting a person who has a reliably diagnosed disease that meets the criteria for AIDS specified by the Center for Disease Control of the United States Public Health Services. "HIV infection" means infection with the human immunodeficiency virus or any other related virus identified as a probable causative agent of AIDS. Laboratory results indicative of infection with HIV shall mean laboratory results showing the presence of HIV or components of HIV, or laboratory results showing the presence of antibodies to HIV, or results from laboratory tests conducted to measure the presence of HIV RNA (viral load tests), such as quantitative PCR tests.

AIDS or HIV infection shall not be considered a communicable disease for purposes of admission to or attendance in a school or for eligibility for educational transportation.

In accordance with N.J.A.C. 6A:16-1.4(a)8, no person, student or employee, will be excluded from school solely because he/she is infected with HIV or lives with or is related to a person infected with HIV. Students infected with HIV, including those who may be symptomatic or diagnosed with AIDS, may be excluded from school only as a student not infected with HIV or diagnosed with AIDS may be excluded from school. A school employee infected with HIV may be restricted in his/her employment only if the employee has another illness that would affect his/her employment.

Any student excluded from the regular school program will be provided with home instruction in accordance with rules of the State Board of Education and Policy No. 2412.

No student, staff member, or visitor may attend or visit school if he/she has an uncoverable and/or uncovered weeping skin lesion, whether or not the person has been screened for HIV.

It is not required that anyone in the school be especially notified that an HIV-infected student or employee is present. School employee physicals, student physicals and athletic physicals do not require disclosure of HIV status. Records of health and medical examinations should not include information about an individual's infection with HIV. Therefore, HIV/AIDS status is an exception to records required pursuant to student physical examinations, N.J.A.C. 6A:16-2.2, and school employee physical examinations, N.J.A.C. 6A:32-6.1 et seq. In the event the school nurse or a school official is apprised that a student or employee is HIV-infected, the fact of the infection will be held in strict confidence and will not be classified as a communicable disease for admission, local health reporting or educational transportation.

8454 MANAGEMENT OF PEDICULOSIS

The Board of Education recognizes the need to maintain a healthy learning environment for all children in the school district. One way to maintain this healthy learning environment is to manage pediculosis, a condition of a person having head lice. Head lice are very small insects that have claws that cling to hair and spend their entire life cycle on the heads of people. Head lice do not spread any diseases and having head lice is not prevented by personal or household cleanliness, use of shampoos, or length of hair. All social and economic groups can be affected by head lice. Because it is very difficult to totally prevent head lice infestations in the school where children come into close head-to-head contact with each other frequently, the Board of Education authorizes appropriate steps to manage pediculosis.

A student who is found to have active head lice will not be permitted to attend school until there are no active lice in the student's hair, proof of treatment has been provided to the nurse, and until all live and/or dead head lice are removed from the student's hair as confirmed by an examination by the school nurse.

The presence of nits (the eggs of lice) without active head lice will not prohibit a child from attending school provided proof of treatment has been provided to the nurse and there is no evidence of active head lice in the student's hair.

The Board recognizes parents have the primary responsibility for the detection and treatment of head lice and school staff members will work in a cooperative and collaborative manner to assist all families in managing pediculosis. The school nurse will compile a Management of Pediculosis Information Packet. The Board of Education's Management of Pediculosis Information Packet and this Policy will be provided to parents of children identified with active head lice or nits and be made available to all parents upon request. The Information Packet will include information about identifying, treating, and managing pediculosis.

If the school nurse determines a student has active head lice or nits, the parent shall be notified by the school nurse as soon as reasonably possible. The parent will be provided a copy of the district's Management of Pediculosis Information Packet and this Policy. The school nurse will advise the parent that prompt treatment of active head lice and/or nits is in the best interest of their child and treatment shall be required before the student can return to school. The school nurse will determine to send the child home or have the child remain at school for the remainder of the school day based on the comfort of the child, the degree of the infestation, and the likelihood of the spread of head lice to other students. If the school nurse cannot contact the parent a letter from the school nurse informing the parent of the presence of active head lice or nits will be sent home with the student. In the event the parent cannot be reached on the day it is determined their child has active head lice or nits, the parent will be required to contact the school nurse the next school day to review the Board Policy, the Management of Pediculosis Information Packet, and treatment options.

The following action will be taken to prevent the spread of head lice in the district:

1. Grades Kindergarten through Four – When a single case of active head lice has been identified by the school nurse, parents of all children in a class will be notified by the school nurse. The Principal will send home a copy of a Head Lice Alert Notice, the school district’s Management of Pediculosis Information Packet, and this Policy to all parents of children in the class.
 - a. The information provided to parents will clearly notify parents that treatment should only be performed on their child if active head lice or nits are found in their child’s scalp and treatment should not be applied as a preventative measure. This notification will inform parents they are expected to notify the school nurse if they find active head lice or nits in their child’s scalp. The school nurse will perform a head check of any student if requested by the parent.
 - b. The school nurse will perform head checks of all students in a classroom where there are three or more active head lice cases or nits in the same classroom within a two week period.
2. Grades Five through Eight – When a single case of active head lice has been identified by the school nurse, parents of children in a class or on a team may be sent a Head Lice Alert Notice, the school district’s Management of Pediculosis Information Packet, and this Policy at the discretion of the Principal or designee and the school nurse. Parents may request information regarding head lice from the school nurse. The school nurse will perform a head check of any student if requested by the parent.

When a case of active head lice has been identified by the school nurse, the school nurse shall perform a head check of any of the infested student’s siblings in the school. If a sibling(s) attends a different school in the district, the school nurse in the sibling’s school will be notified and the school nurse may conduct a head check of the sibling(s). In addition, anytime the school nurse has identified active head lice, the school nurse may conduct a head check of other students in the school who are most likely to have had head-to-head contact with the infested child. All other students to be checked shall be identified by the school nurse in consultation with the school administration. Parental approval shall be obtained by the Principal or designee or school nurse.

The school will make available to parents the district's Management of Pediculosis Policy.

All school staff members will maintain a sympathetic attitude and will not stigmatize and/or blame families who experience difficulty with control measures. All school staff members will act responsibly and respectfully when dealing with members of the school and broader community regarding issues of head lice.

The school will educate and encourage children and parents to learn about head lice in an attempt to remove any stigma or to prevent any harassment, intimidation, and bullying associated with this issue. Any instances of harassment, intimidation, and bullying shall be reported and investigated in accordance with the provisions of the district's Harassment, Intimidation, and Bullying Policy.

A student excluded from school for reasons outlined in this Policy shall be re-admitted only upon the examination and approval of the Principal or designee and the school nurse. The examination for re-admittance to school by the school nurse may be, but is not required to be, in the presence of the student's parent.

Cases of active head lice will be recorded by the school nurse for the purpose of tracking incident rates and mandatory reporting of outbreaks will be done according to the New Jersey Department of Health criteria for reporting outbreaks.

In recognition of the importance of early detection of missing, abused, or neglected children, the Board of Education adopts this Policy pursuant to the requirements of N.J.S.A. 18A:36-24 and 18A:36-25. The Board provides this Policy for its employees, volunteers, or interns for the early detection of missing, abused, or neglected children through notification of, reporting to, and cooperation with the appropriate law enforcement and child welfare authorities pursuant to N.J.S.A. 18A:36-24 and 18A:36-25 et seq., N.J.A.C. 6A:16-11.1, and N.J.S.A. 9:6-8.10.

The person having reason to believe that a child may be missing or may have been abused or neglected may inform the Principal or other designated school official(s) prior to notifying designated child welfare authorities if the action will not delay immediate notification. The person notifying designated child welfare authorities shall inform the Principal or other designated school official(s) of the notification, if such had not occurred prior to the notification. Notice to the Principal or other designated school official(s) need not be given when the person believes that such notice would likely endanger the reporter or student involved or when the person believes that such disclosure would likely result in retaliation against the student or in discrimination against the reporter with respect to his or her employment.

The Principal or other designated school official(s) upon being notified by a person having reason to believe that a child may be missing or may have been abused or neglected, must notify appropriate law enforcement authorities. Notification to appropriate law enforcement authorities shall be made for all reports by employees, volunteers, or interns working in the school district. 8465 HATE CRIMES AND BIAS-RELATED ACTS

The Board of Education is committed to providing a safe and healthy environment for all children in the school district. Hate crimes and bias-related acts involving students can lead to further violence and retaliation. Hate crimes and bias-related acts, by their nature are confrontational, inflame tensions, and promote social hostility and will not be tolerated by the school district. The school district employees will work closely with local law enforcement and the county prosecutor's office to report or eliminate the commission of hate crimes and bias-related acts.

Definitions

A "hate crime" is any criminal offense where the person or persons committing the offense acted with a purpose to intimidate an individual or group of individuals because of race, color, disability, religion, sexual orientation, or ethnicity.

A "bias-related act" is an act directed at a person, group of persons, private property, or public property that is motivated in whole or part by racial, gender, disability, religion or sexual orientation, or ethnic prejudice. A bias-related act need not involve conduct that constitutes a criminal offense. All hate crimes are also bias-related acts, but not all bias-related acts will constitute a hate crime.

Required Actions

Whenever any school employee in the course of his/her employment develops reason to believe that (1) a hate crime has been committed or is about to be committed on school property, or has been or is about to be committed by any student, whether on or off school property and whether or not such offense was or is about to be committed during operating school hours, or (2) a student enrolled in the school has been or is about to become the victim of a hate crime, whether committed on or off school property or during operating school hours, the school employee shall immediately notify the Building Principal and Superintendent, who in turn shall notify the designated police department and Bias Investigation Officer for the county prosecutor's office. The Principal shall notify the designated police department and the county prosecutor's office immediately if there is reason to believe that a hate crime that involves an act of violence has been or is about to be physically committed against a student or there is otherwise reason to believe that a life has been or will be threatened.

Whenever any school employee in the course of his/her employment has reason to believe that a bias-related act has been committed or is about to be committed on school property, or has been or is about to be committed by any student, whether on or off school property and whether or not such bias-related act was or is to be committed during operating school hours, the school employee should immediately notify the Building Principal and Superintendent, who in turn should promptly notify the designated police department.

In deciding whether to refer the matter of a bias-related act to the designated police department or the county prosecutor's office, the Building Principal and the Superintendent, should consider the nature and seriousness of the conduct and the risk that the conduct posed to the health, safety and well-being of any student, school employee or member of the general public. The Building Principal and Superintendent should also consider the possibility that the suspected bias-related act could escalate or result in some form of retaliation which might occur within or outside school property.

It is understood a referral to the designated police department or county prosecutor's office is only a transmittal of information that might be pertinent to a law enforcement investigation and is not an accusation or formal charge.

Unless the designated police department or the county prosecutor's office request otherwise, the school district may continue to investigate a suspected hate crime or bias-related act occurring on school property and may take such actions as necessary and appropriate to redress and remediate any such acts.

School officials will secure and preserve any such graffiti or other evidence of a suspected hate crime or bias-related act pending the arrival of the designated police department or the county prosecutor's office. The school officials, when feasible, will cover or conceal such evidence until the arrival of the designated police department or county prosecutor's office.

The Principal or designee and/or immediate supervisor shall conduct an appropriate search in accordance with Policy No. 5770 and confiscate any weapon discovered in the course of the search. He/she shall, if appropriate and feasible, summon the aid of law enforcement officers in the conduct of the search. Any school employee who confirms the presence of a weapon under circumstances that place persons at serious risk may confiscate the weapon immediately and may use such force as is reasonable and necessary to obtain possession.

Unless the weapon has been taken into custody by a law enforcement officer, the Principal or designee and/or immediate supervisor shall immediately store any confiscated weapon in a securely locked box or container and report the presence of the weapon to the Superintendent. The Superintendent shall promptly notify, by telephone call and by letter, the designated police department that a weapon is present on school premises; the notice shall request removal of the weapon by an authorized law enforcement officer. The Superintendent shall obtain and file a receipt for any weapon removed by a law enforcement officer.

Students convicted or found to be delinquent for possessing a firearm on school property, on a school bus, or at a school-sponsored function or committing a crime while possessing a firearm shall be immediately removed from the regular education program for a period of not less than one calendar year and placed in an alternative education school or program pending a hearing before the Board of Education to remove the student. (Chapters 127 and 128 of 1995, The Zero Tolerance for Guns Act)

Any student who commits an assault upon members of the school community with a weapon other than a firearm on school property must be immediately removed from the regular education program and provided with an alternative program, pending a hearing before the Board of Education. (Chapters 127 and 128 of 1995, The Zero Tolerance for Guns Act)

Students with disabilities violating the provisions of this policy shall be dealt with in accordance with Policy No. 2460 and Regulation No. 2460.6.

Nothing in this policy shall be construed to prohibit the reporting of a crime committed by a child with a disability to the appropriate law enforcement or judicial authorities, or to prevent such authorities from exercising their responsibilities with regard to the application of federal or State law to crimes committed by a child with disabilities.

Any student requiring removal from the regular education program for the reasons enumerated above shall be removed in accordance with Policy and Regulation No. 5611.

The Superintendent, or designee, shall prepare regulations to implement this policy for the guidance of school staff in dealing with incidents involving weapons in the school district.

The Board of Education directs the Superintendent to supervise development of bus routes to provide safe, economical and reasonably expeditious transportation for:

1. Students who live remote from the schoolhouse as defined by New Jersey law;
2. Educationally disabled students in accordance with their IEP;
3. Students participating in Board-approved extracurricular activities or field trips;
4. Students whose route to the school is deemed hazardous by the Board;
5. Other students as required by law.

The criteria to be used in designing routes and assigning students to them shall include:

1. The distance to be traveled to and from school;
2. The age and state of health of the child;
3. The requirements of the instructional program;
4. The hazards involved on the route to be traveled.

Transportation to and from school shall be provided as required by law to eligible nonpublic school students and to students attending charter schools. All students riding on district buses shall be required to observe the district's bus conduct regulations or risk loss of the privilege of such transportation.

On a space-available basis, the Board may transport both public and nonpublic students who live within statutory limits (courtesy busing). The Board or a cooperative transportation services agency may charge for this service. The charge shall be equitable and shall include, but not be limited to, the cost of fuel, driver salaries and insurance.

Buses, whether contracted or district-owned, shall be kept in optimum condition and shall conform to all State safety regulations.

Bus routes must be acted upon by the Board and submitted to the county office.

Unsafe Conditions

It shall be the policy of the Board of Education that no transportation service shall be provided to any public or private schools to which resident students attend on such days as it is deemed unsafe to operate the district school due to inclement weather, unsafe road conditions, or other circumstances. It shall be the duty of the Superintendent to determine when these conditions exist.

Courtesy Transportation Along Hazardous Routes

The Weymouth Township Board of Education is concerned with the safety of students who walk to and from school along roadways determined to be hazardous routes. The Superintendent shall work in conjunction with municipal officials to determine the criteria necessary for the classification of a hazardous route and shall maintain a list of all hazardous routes in the district. The Superintendent shall develop rules and regulations to supply courtesy transportation for students who must walk to and from school along routes designated by the Weymouth Township School District to be hazardous routes. The criteria used to determine hazardous routes may include but shall not be limited to the following:

1. Population density;
2. Traffic volume;
3. Average vehicle velocity;
4. Existence or absence of sufficient sidewalk space;
5. Roads and highways that are winding or have blind curves;
6. Roads or highways with steep inclines and declines;
7. Drop-offs that are close proximity to a sidewalk;
8. Bridges or overpasses that must be crossed to reach the school;
9. Train tracks or trestles that must be crossed to reach the school;
10. Busy roads and highways that must be crossed to reach the school.

8601 STUDENT SUPERVISION AFTER SCHOOL DISMISSAL

The Board of Education adopts this Student Supervision After School Dismissal Policy as a result of the New Jersey Supreme Court's decision in *Joseph Jerkins, an infant by his Guardian Ad Litem, Charles Jerkins; Charles Jerkins and Toni Jerkins, individually, v. Soweto Anderson; Kemba N. Anderson; John Does 1-10 (fictitious individuals) and ABC Corporations 1-10 (fictitious entities), and Board of Education of Pleasantville Public Schools and Rosemay Clarke*.

The Weymouth Township Board of Education shall provide transportation for all students attending the Weymouth Township School. Parents must provide written notification if their child will not be using the district provided transportation.

Supervision of Students During Dismissal

Dismissal will be supervised. District staff will be assigned to specific locations and given defined responsibilities to supervise student dismissal. Regular and early dismissal will be supervised according to the same protocol unless otherwise specified. The Superintendent is responsible for overseeing the development of protocols that are tailored to the age and needs of the students. At a minimum these protocols shall include:

1. Staff assigned to supervise dismissal, and their locations and responsibilities;
2. Where students will be retained awaiting appropriate escort and/or designated transportation;
3. Provisions for supervision when a parent/escort is unable to pick up their child at the appropriate dismissal time;
4. Location and presence of municipal crossing guards.

The Board of Education will review the dismissal procedures annually.

Supervision of Non-bused Students at Dismissal

The Board of Education shall require that the parent notify the school in advance of any arrangements for students requiring appropriate escort or designated transportation.

All documented arrangements will be considered permanent for the entire school year. Parents may alter arrangements upon prior written notification to the Superintendent or designee.

Parents leaving students at school that are to be escorted home will be reported to the proper authorities.

The Superintendent or designee is responsible for the collection of all dismissal arrangements requested by the parents. The Superintendent or designee is responsible for keeping a record of the dismissal arrangements and implementing the appropriate dismissal supervision in accommodation of these arrangements.

Notification of Dismissal Protocols

The Superintendent or designee shall ensure that parents are notified of the following:

1. School calendar including school closure and early dismissal dates and times; and any adjustments to the calendar;
2. The school dismissal policy;
3. Dismissal protocol for all bused students, non-bused students and students in after-school programs or activities;
4. Supervision arrangements for students at dismissal;
5. Emergency plan for supervision of students left at school;
6. After school program opportunities;
7. Procedures for enrolling students in after school programs.

The parent is responsible for reviewing the school calendar and complying with all school dismissal times and procedures. It is the parent's responsibility to resume the custody of their child at the end of each school day.

The Superintendent will develop procedures:

1. For parents to receive the school calendar, including all school closure and early dismissal dates, and the school dismissal policy and procedures;
2. For parents to indicate and define the circumstances that the student is to be released from the school's care at dismissal;
3. For the collection and retention of all documents pertaining to receipt of calendar and escort/transportation arrangements.

8613 WAIVER OF STUDENT TRANSPORTATION

The Board of Education is required to provide transportation services for the school year to an elementary student living more than two miles from the public school of attendance or to a secondary school student living more than two and one-half miles from the public school of attendance in accordance with the provisions of N.J.S.A. 18A:39-1 et seq.

The Board shall determine student transportation needs and approve student transportation routes based on all students eligible for transportation in accordance with the provisions of N.J.S.A. 18A:39-1 et seq. and any less than remote, courtesy busing, and/or hazardous route transportation determined by the Board of Education. However, while providing school bus seats for those students eligible for transportation each school year, the Board recognizes certain students eligible for transportation services voluntarily elect not to use the transportation services offered by the Board resulting in empty seats on school buses going to and from school. To assist the Board in operating the school district's transportation system in the most cost-effective manner, the Board may provide a student's parent/guardian the option of waiving transportation services for that school year in accordance with the provisions of N.J.S.A. 18A:39-1c. In the event the Board provides this option, a student's parent/guardian will be required to sign a written statement indicating the student waives transportation services for that school year. The written statement shall be in such form as determined by the New Jersey Department of Education.

In the event a parent/guardian of a student eligible for transportation services waives transportation services for that school year and circumstances change during that school year due to a family or economic hardship, the school district will reinstate the student's eligibility for transportation to and from school.

8630 BUS DRIVER/BUS AIDE RESPONSIBILITY

The Board of Education requires all school bus drivers and bus aides employed by the district or employed by a contracted school bus company to be reliable persons of good moral character who possess the qualifications necessary to perform the duties of the position. Anyone driving a school bus used to transport students to and from school and school related activities must meet all requirements of N.J.S.A. 18A:39-17, 18, 19.1, and 20 and all New Jersey Motor Vehicle Commission (NJMVC) rules governing school bus drivers. All school bus drivers must possess the appropriate license and endorsement(s) to drive a school bus in the State of New Jersey and are subject to all the Federal and State requirements to maintain the appropriate license.

“Employer” for the purposes of this Policy and Regulation means a Board of Education or a contractor that provides student transportation services under contract with the Board of Education. In the event the school district employs school bus drivers and bus aides and/or uses a contractor for transportation services, the “employer” for school district employed school bus drivers and bus aides shall be the Board of Education and the “employer” for contracted school bus drivers and bus aides shall be the contractor that provides student transportation under contract with the Board of Education.

School bus drivers and bus aides shall meet criminal history background check requirements pursuant to N.J.S.A. 18A:6-7.1(c) and tuberculin testing requirements pursuant to applicable State statutes and administrative codes. School bus drivers and bus aides shall be considered under the Federal Family Educational Rights and Privacy Act (FERPA) to be school officials who have a legitimate educational interest to parts of a student’s record relating to transportation, without parental consent, as outlined in N.J.A.C. 6A:27-12.1(j)1.

A Commissioner of Education-developed training program on proper procedures for interacting with students with special needs shall be administered by the employer to all school bus drivers and bus aides in accordance with the requirements of N.J.S.A. 18A:39-19.2. This training program must be administered in accordance with the provisions of N.J.S.A. 18A:39-19.3.a. and all school bus drivers and bus aides must file a certification with their employer that the individual has completed the training program within five business days of its completion. The employer shall retain a copy of the certificate for the duration of the individual’s employment and shall file a copy of the certification to the Department of Education in accordance with the provisions of N.J.S.A. 18A:39-19.3.b.

School bus drivers and bus aides shall receive training in the use of a student’s educational records and in their responsibility to ensure the privacy of the student and his or her records. In addition, permanent and substitute school bus drivers and bus aides shall be trained for the functions of their positions and in a safety education program as outlined in N.J.A.C. 6A:27-11.1 et seq.

In accordance with the provisions of N.J.S.A. 18A:39-28, school bus drivers must visually inspect the school bus they are assigned at the end of the transportation route to determine that no student has been left on the bus.

The school bus driver shall be in full charge of the school bus at all times and shall be responsible for maintaining order. The school bus driver will never exclude a student from the school bus, but if unable to manage a student, the school bus driver will report the unmanageable student to the Principal or designee of the school in which the student attends.

The Principal or designee, upon such report from the school bus driver, may assign appropriate discipline. The discipline may include excluding the student from the bus. The student's parent shall provide for the student's transportation to and from school during the time of exclusion.

In the event of an emergency, school bus drivers shall follow procedures established by this Board. School administrators shall organize and conduct emergency exit drills at least twice within the school year for all students who are transported to and from school. All other students shall receive school bus evacuation instruction at least once per year. School bus drivers and bus aides shall participate in the emergency exit drills, which shall be conducted on school property and shall be supervised by the Principal or person assigned to act in a supervisory capacity. Drills shall be documented in the minutes of the Board of Education at the first meeting following completion of the emergency exit drill in accordance with the provisions of N.J.A.C. 6A:27-11.2(d).

In accordance with the provisions of N.J.S.A. 18A:39-19.4, a Commissioner-developed student information card shall be completed by a parent of a student with an Individualized Education Plan (IEP), who receives transportation services, when the IEP is developed or amended. Upon receiving consent from the parent, the student information card shall be provided to a school bus driver and bus aide for each student on the bus route to which the school bus driver or bus aide is assigned for whom a student information card has been completed by the parent.

The school bus driver will immediately inform the Principal of the receiving school and the School Business Administrator or designee of the district providing the transportation following an accident that involves injury, death, or property damage. The school bus driver must also complete and file within ten days of the accident the Preliminary School Bus Accident Report prescribed by the Commissioner of Education. In addition to the Preliminary School Bus Accident Report, the driver of a school bus involved in an accident resulting in injury or death of any person, or damage to property of any one person in excess of \$500, shall complete and file within ten days after such accident a motor vehicle accident report in accordance with N.J.S.A. 39:4-130.

8635 STUDENT TRANSPORTATION VEHICLES AND SCHOOL BUSES

All student transportation vehicles and school buses will be scheduled to maximize their use while ensuring all routes are scheduled in a safe manner for drivers and passengers.

Student transportation vehicles and school buses will have time periods during the day between scheduled bus routes when they are not in use. These time periods may vary from route to route and vehicle to vehicle depending on issues such as a school's opening and ending times and the location of students transported to and from the school. Based on scheduling issues and the amount of time between transportation routes, the school bus driver may be required to return the school vehicle/bus to the school district transportation facility during the school day. In the event the schedule does not provide adequate time or it is not practical for the vehicle/bus to be returned to the school district's transportation facility between routes during the school day, the school bus driver may be required to park the vehicle/bus at another school building or location in the school district designated by the School Business Administrator/Board Secretary.

If the transportation route is for student transportation to and from a school building out-of-district, the driver may be required to return the transportation vehicle/bus to the district's transportation facility or to a school building or location designated by the School Business Administrator/Board Secretary for the time period between routes. In the event there is not adequate time or it is not practical for a vehicle/bus to return to the school district between out-of-district transportation routes, the School Business Administrator/Board Secretary will authorize the vehicle/bus remain at an approved location between such routes. The School Business Administrator/Board Secretary, in consultation with the driver and the out-of-district school, will designate a location for the driver to maintain the vehicle/bus in between the scheduled routes.

The safety and security of the transportation staff and the school vehicle/bus will be the most important consideration in designating an out-of-district location for vehicles that may not return to the transportation facility during the school day.

8651 COMMUNITY USE OF TRANSPORTATION

The Board of Education will permit the school busing vehicles owned or leased by this district to be used for the purpose of transporting senior citizens' groups, disabled citizens, and children and adults participating in a recreation or other program operated by the municipality in accordance with law and rules of the State Board of Education. The Board will not permit the use of school busing vehicles for any purpose not expressly authorized by law and Board policy.

The transportation of senior citizens shall be restricted to destinations that are within this school district or any contiguous school district. The transportation of disabled citizens may be within any district. The transportation of children and adults participating in a recreation or other program shall be limited by the location of the program.

The transportation of community members under this policy shall be limited to those hours and days when vehicles are not required for the transportation of students. No transportation will be supplied for weekends, holidays, summer vacation time, or for the purpose of attendance at political activities. The Board reserves the right to refuse or cancel any community transportation in the interests of the educational program or the efficient operation of the district.

Vehicles must be operated by the holder of a valid New Jersey bus driver's license who has been approved by this Board.

The costs of community transportation may be reimbursed to the Board.

A request for community transportation must be submitted to the School Business Administrator/Board Secretary no less than two weeks prior to the planned trip and must be approved by the School Business Administrator/Board Secretary.

The Board of Education shall provide transportation services for students with disabilities as required by law and dictated by the student's educational needs and physical welfare. The Board will provide the transportation specified as a related service in the program of special education approved for a disabled student. Such transportation will conform to the student's Individualized Education Program (IEP) and the transportation requirements described by the Child Study Team or prescribed by the school physician. Transportation to a placement outside this district will conform to the school calendar of the receiving school.

The transportation of a disabled student may include such special equipment, transportation aides, and special arrangements for other assistance to and from and in and around the school. When necessary for the student's welfare, the case manager will provide the transportation coordinator and driver with specific information about the student. For students with disabilities below the age of five, safety belts or restraint systems will be used.

The transportation of disabled students to special education programs approved by the Board and located outside the State will conform to guidelines established by the New Jersey State Department of Education. Such transportation services will be dictated by the student's IEP and approved by the Child Study Team. The individual plan for a disabled student's out-of-State transportation will be submitted to the Office of the County Superintendent prior to its implementation. In general, transportation of out-of-State disabled students will be by the most economical and expeditious mode consistent with the student's special needs and will be limited to travel at the beginning and the ending of the school year.

State aid will be sought for the services provided in accordance with law and this policy. The Board directs that appropriate records be maintained and all relevant documentation be preserved in order that the district be properly reimbursed for the costs of transportation.

In placing property insurance coverage, the Board shall be guided by the price of the coverage, the ability of the insurer to meet obligations promptly and fully, the reputation and past performance of the insurer's agent, and the goal of distributing the insurance coverage of the district through an insurance broker(s).

Best and Company to be no less than A+; and must derive over fifty percent of his/her income from insurance premium commissions or receive no less than \$100,000 annually in premium income from sources other than this school district.

No employee will be held harmless or have his/her defense costs defrayed in a disciplinary proceeding instituted against him/her by the Board or when the employee is appealing an action taken by the Board. Indemnification for exemplary or punitive damages is not required and will be governed by the standards and procedures set forth in N.J.S.A. 59:10-4. The Board shall provide indemnification to any person holding any office, position or employment under the jurisdiction of the Board, including any student teacher/intern, or person assigned to other professional pre-teaching field experience, for the costs of defense against any criminal or quasi-criminal action for any such act or omission when such prosecution is dismissed or results in a final disposition favorable to the officer or employee. This indemnification will include the cost of defending such proceeding, including reasonable counsel fees and expenses of the original hearing or trial and all appeals. No employee will be held harmless or have his/her defense costs defrayed as a result of a criminal or quasi-criminal complaint filed against the employee by or on behalf of the Board. 8760 STUDENT ACCIDENT INSURANCE

The Board of Education recognizes injuries to students may occur from accidents occurring in the course of attendance at school and participation in the athletic and co-curricular programs of the school district.

In accordance with the provisions of N.J.S.A. 18A:43-1, the Board is not required to, but may arrange for, maintain, and may pay the premiums for insurance coverage by a qualified insurer for loss sustained by students through accidental means while participating in those school activities insured by the Board's insurance provider. This insurance coverage, if purchased by the Board, will not cover all school activities and will be secondary insurance requiring all claims be submitted to the student's parent's or legal guardian's insurance provider before being submitted to the school district's insurance provider. All claim decisions and payment amounts will be made by the school district's insurance provider in accordance with the terms of the insurance policy purchased by the Board. The insurance coverage provided under this program will be based on a payment schedule and may not provide for full payment of such claims.

The Board, if such insurance is provided, may require payment to the Board by students to whom the benefit of such insurance is extended, of a proportional share of premiums or any part thereof in accordance with the provisions of N.J.S.A. 18A:43-2. In the event the Board requires such payment, the amount to be paid by students shall be established by a schedule determined by the Board, but no student electing not to participate in the accident insurance coverage shall be required to make any payment toward the cost of the premiums.

The Board may provide parent(s) or legal guardian(s) the opportunity to purchase insurance coverage, at no cost to the Board, for injury resulting from accidents sustained by students occurring in the course of attendance at school and participation in the athletic and co-curricular programs of the school district.

The Superintendent and/or designee will recommend suitable and qualified insurance providers for Board consideration and approval. Parent(s) or legal guardian(s) of students who may be eligible for such insurance coverage will be notified of its availability.

In accordance with the provisions of N.J.S.A. 18A:43-3, in the event the Board elects to provide this student accident insurance, it shall not be construed to impose any liability on the part of the Board for an injury sustained by a student as a result of or in connection with any activities outlined in N.J.S.A. 18A:43-1 or as a result of or in connection with the conduct of the physical education program of the school district.

In pursuing this goal, the educational program may recognize that various religious groups celebrate different holidays with different practices.

In the acknowledgment or observance of any religious holiday, the Superintendent shall ensure the school and/or school officials do not mandate, organize, participate in an official capacity, endorse, persuade, compel, prevent or deny participation in constitutionally protected prayer or religion in violation of the governing principles of the First Amendment of the United States Constitution. Consistent with these principles, the Superintendent shall ensure:

1. No worship or religious service of any kind is sponsored by the school district and conducted during the school day, whether or not conducted by a clergyman;
2. Religious exhibits or displays include only materials that are a necessary or integral part of the curriculum;
3. Any religious music played is selected primarily for its artistic content; and
4. Any acknowledgment of a religious holiday neither advances nor inhibits any particular religious sect or religion consistent with the governing principles of the First Amendment of the United States Constitution.

8860 MEMORIALS

The Board of Education recognizes that each officer and employee of this district is important not only to the school district but to the community at large. The loss of any officer or employee of this Board by death is a loss that the Board and the district share with the community.

In order to memorialize that loss in a fitting manner, the Board directs that, whenever notice is received of the death of a Board member or a person employed by the Board, the flag of the United States at the school district building shall be flown at half mast for one school day. Written notice shall be posted in an appropriate manner in each district building on that day in order that students, staff members, and visitors are informed of the purpose of the memorialization.

The Superintendent may, in his/her discretion, grant an employee of this district a brief absence without loss of pay or personal leave for the purpose of attending the funeral of his/her direct supervisor or subordinate provided that no disruption in the educational program will be caused by any such absence.

The Superintendent shall recommend to the Board and the Board may approve appropriate recognition measures beyond those provided for in this policy when the deceased Board officer or employee has, by length of service or extraordinary accomplishment, especially distinguished his/her service to this school district.
